 **NORITZ**<sup>®</sup>  
The Simple Comforts of Life

# FAST. EASY. SMART.

Top mounted connections provide an intuitive and straight forward install that lets you get the job done fast, easy, and smart.

REPLACES 40 GALLON TANK

TOP MOUNT WATER CONNECTIONS

UTILIZE EXISTING B-VENT

1/2 INCH GAS LINE

## TOOLS OF THE TRADE.

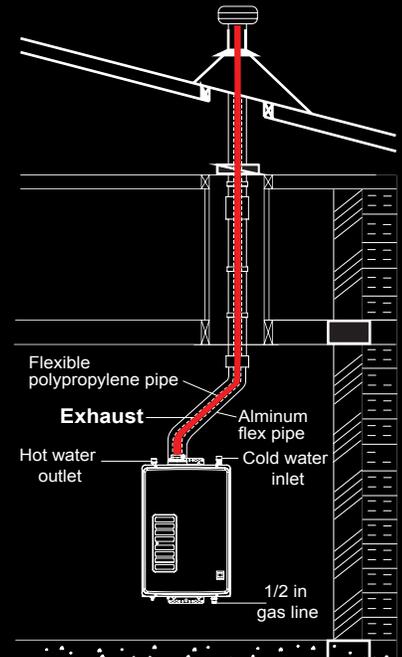

We include all the accessories you need for a successful installation right in the box.

## THIS IS WHAT INNOVATION LOOKS LIKE.

Noritz has revolutionized the tankless industry with the new EZTR40. The EZTR vents with flexible vent directly through existing B-Vent with no need to spend time changing existing vent. Water connections are on the top of the heater so now you can use flex lines direct from the top like a tank. 1/2 inch gas line connection to existing gas line saves time and money. EZ tank replacement the way you always wanted it to be.
